SERVICE MEN AS CONSTABLES

(By Associated Press)

CHARLESTON, W. Va., Jan. 29.—Composed entirely of former service men, the West Virginia constabulary after six months of preparation and training has taken the field to enforce the law. Although recruited to only one-half of its maximum strength, the men on duty are fully equipped, and according to their officers, are ready for any emergency.

Under the command of Colonel Jackson Arnold, the men have been organized into provisional companies and assigned to fifteen sub-patrol stations. These cover all trunkline railroads in the state, for the purpose of facilitating mobilization should it become necessary to move the entire force to some point in a hurry. At each sub-station from three to five men will be on duty. All will be mounted on horses except the patrols at Wellsburg and Martinsburg, who will be equipped with motorcycles.

The service has already attracted natives of 23 of the 55 counties in West Virginia. They are picked men, whose intelligence, courage and endurance have been proved to the satisfaction of Colonel Arnold.

The bill creating the state constabulary became a law six months ago.

DARING CRIMES OF A BANDIT

(Correspondence of Associated Press)

COLOGNE, Jan. 11.—Bank robbers have been operating in parts of Germany recently under the pretext that they were collecting money for the allies for damages caused by the German army during the war.

In one instance, according to stories published in the German newspapers, a man in the uniform of a Belgian captain and accompanied by five guards and six Belgian soldiers, entered the bank of Probst and Co. in Aachen, a few days ago, saying he was seeking stolen money. The man showed papers purporting to have been stamped by the Belgian minister of justice and insisted upon making a search of the bank's vaults to determine whether the institution held any coin stolen in Belgium in 1915.

The man dismissed the entire force of clerks and then directed the owner, Probst, to open the vaults. Afterward the man locked Probst in his private office and helped himself to about 270,000 marks and 75,000 Belgian francs. Probst reported the affair to the authorities. The robber was arrested and the money recovered.

ATTENTION REPUBLICANS!

All members of the executive committee of the Nye County Republican Central Committee are requested to meet at the office of J. G. Cronley on Friday evening, January 30, at 7 o'clock sharp. Business of importance.

By order
J. G. CRONLEY,
Chairman, Executive Committee.

Ye house and senate have long been abashed, but in evidence February 1920.

AMUSEMENTS

NORMA TALMADGE AS CAFE GIRL.

She was a cafe girl—just one of a number of girls whose lives were bounded by the four walls of the notorious Domino cafe. She hadn't adopted this mode of life from choice, she had been thrown into it when a child and knew no better. She was the prettiest of the girls and was known to the patrons of the cafe as Jo. "The Probation Wife" starring the beautiful star, Norma Talmadge, which will be the attraction at the Butler tonight. The story of Jo Mowbray, the cafe girl who became a member of society's 400. The cafe is raided and Jo is sentenced to three years in the reformatory with the rest of the cabaret girls. Here we see a different Jo—a different Norma Talmadge. As an inmate of the reformatory she is made to scrub floors and perform all the duties of a slavey. At the end of two years she escapes. She marries a handsome society man who furnishes her with all the luxuries of life. Another Joe! As a rich society matron, in the gorgeous creations which Miss Talmadge knows so well how to wear, she is beautiful and charming. She certainly has an opportunity to display her versatility, and she does it—well! Added to the feature will be the latest Pathe News. Tomorrow, Dorothy Gish in "Peppy Polly," and Ray Cartoon comedy. Coming Monday, one of the greatest pictures of the year "Back to God's Country."

The original intention was to establish a commissary to sell the necessities of life in unbroken packages, but I am pleased to say that the operators have gone a step farther and have established an up to date retail store and meat market with all the usual conveniences.

Under the rules that have been adopted for the government of the commissary there is no limit placed on the number of variety of commodities it will handle as the whole enterprise is founded on the principle of doing the greatest good to the employees of the district.

It is reasonable to assume that the commissary has done as much or more than was expected of it in the short time it has been in operation and all concerned can safely look forward to even greater benefits to be derived from it.

After a complete investigation of the books of the commissary and after going into the various details with Mr. Shinn, the general manager, the advisory committee of the miners' union and trades assembly reported to me on January 29, 1920, that in their opinion the commissary was functioning in accordance with the terms of the agreement in addition to this I have made a personal investigation of the commissary and meat market and find them selling all goods at cost to all employees, and therefore functioning.

Hence the following award:

On February 8, 1920, the Operators' association will have complied with all of the provisions of the agreement and they are permitted to make such disposal of the 50-cent bonus as they deem desirable, as provided for in the signed agreement.

Operators, miners and craftsmen alike have been actuated by a keen desire to comply with all of the stipulations of the agreement and have assisted me in every possible way to obtain the facts in connection with the commissary. Great credit is also due Mr. Shinn for the business-like and co-operative spirit he has shown in conducting the affairs of the commissary.

I sincerely trust that the agreement will be lived up to in letter and spirit by all concerned and that the pleasant joint relations already established will continue throughout all the years that Tonopah and Divide remain on the mining horizon.

It was agreed by the above named organizations on January 27, 1920, that in the event a dispute arose that could not be adjusted by the joint executive committee, a federal mediator of the United States department of labor be called in and his decision would be final and binding on both sides.

If I can be of any further assistance to any or all concerned, I am at your service.

Signed this 28th day of January, 1920.

By JOS. LORD,
Federal Mediator.
